THE ICKNIELD WAY - that goes through our villages.

The Icknield Way is unique among long distance trails because it can claim to be 'the oldest road in Britain'. It consists of prehistoric pathways, ancient when the Romans came; the route is dotted with archaeological remains. It survives today in splendid tracks and green lanes along the 'chalk spine' of southern England and runs for 110 miles (177 km) from the end of the Ridgeway Path at Ivinghoe Beacon in Buckinghamshire, to the start of the Peddars Way at Knettishall Heath in Suffolk.

The Icknield Way Association has aimed to find the most pleasant route for walking, as close as possible to the line of the ancient Icknield Way and the route has been followed by thousands of walkers since its inception in 1984.

Voluntary wardens monitor the path on behalf of the Association so that our Guide to the path can always be kept up to date.

Our website www.icknieldwaypath.co.uk has a wealth of information and our Guidebook, now in its 6th edition, is also available from our website.

## ANGLIAN WATER PRIVATE PUMPING STATIONS CAMPAIGN TEAM

There may be good news coming for some of your parishioners if they have a private pumping station on their property.

Currently, homeowners have to spend hundreds of pounds every year for electricity running costs, maintenance and repairs to look after these private pumping stations. They may even have been flooded if it's broken down in the past.

From October 2016, many of these private pumping stations will transfer over to Anglian Water and become our responsibility. We will take over all of the maintenance and the running costs too, saving customers hassle, worry and money.

We'd like to ask for your support in letting local residents know about this, and asking them to get in touch with us if they think they have a private pumping station.

To help customers identify and report the pumping stations easily, we have launched a specialist website: <http://anglianwater.msgfocus.com/c/1PVChL9Omc45DGwt37KO>

## WELCOME TO THE AUGUST BULLETIN FROM CAMBRIDGESHIRE FIRE AND RESCUE SERVICE.

The school summer holidays are here and we hope you are enjoying time with family, going on holiday or even creating your own adventures at home.

Why not take the opportunity to teach your children about fire safety and design your very own fire escape plan?

We recommend every household has a fire escape plan and regularly runs through it with the family - and especially when guests are coming to stay.

Here are a few things to consider when writing yours:

- Everyone should know where the window and door keys are.
- Your normal way out of the house is your best escape route so always keep it clear of clutter - think of the difficulties you'll have using this route in pitch darkness or smoke.
- Walk your escape route with the rest of your family or housemates and make sure everyone can open windows and doors easily.

If you, your neighbour or family member might be vulnerable or have trouble escaping from their house in a fire, get in touch with us to see if we can help by calling 0800 917 9994.

For the latest news, incidents and safety advice, or to contact us, log on to [www.cambsfire.gov.uk](http://www.cambsfire.gov.uk). Sign up to email alerts and find us on Twitter, Instagram, YouTube and Facebook.

### THE MARSH MAIL

News from Linton Village College

August is a very significant month for secondary schools. Despite being closed for the summer break; the publication of GCSE examination results at the end of the month is an important milestone in students' educational journeys.

This is the last year when A\*-C grades will be used as a universal attainment measure - next year's new English and maths GCSEs will be graded from 9-1 and other courses will follow suit the next academic year. Whatever the number or letter awarded to qualifications, at LVC we are always really keen to encourage students to go beyond the bare minimum expectations and to be ambitious for themselves. I flinch when I hear students making comments such as 'I only need 3 'C's for my college course' when they are capable of much more. While GCSE grades are only one rather narrow measure of educational success it is important that students achieve the best that they can.

League table measures are also changing this year to recognise the progress of all learners. Existing headline statistics give a great amount of attention to the percentage of students achieving 5 A\*-C grades including English and maths without giving any attention to students' starting points. The focus on the C/D borderline has been the cause of low aspiration among some groups of students and unethical practices with some schools targeting support to students who 'count' more.

Last year at LVC we opted into the new achievement measure, Progress 8, a year early. We welcome the move to focus on all students and their relative progress across all subjects, rather than the narrow view of a threshold that does not reflect the success of the whole cohort. Although, like many other benchmarks, Progress 8 has its limitations, we appreciate the more holistic view that it takes of all students' performance across eight subjects.

We look forward to celebrating individuals' achievements and hard work on the 25<sup>th</sup> August and will be keen to recognise those individuals who have made the most significant progress during their time at LVC, not just those with the highest grades.
