NEWS FROM BURROUGH GREEN READING ROOM

Plans to refurbish the kitchen facilities at the Reading Room remain on track. We have taken quotes from local companies for the work and submitted a significant grant application to top up the fundraising done over the past year or so. Thanks to Neil Harris for his kind donation from the football tournament in July and money raised doing afternoon tea for the Open Gardens, things are starting to look up. We are all crossing our fingers that we are awarded the grant as we believe a fully functioning kitchen will make a huge difference to the hall; we are hoping to receive news in November.

In addition to the kitchen, we are looking to improve the seating and general comfort of the Reading Room, so we are working hard to raise much needed funds. With this in mind, we would like to invite you to our

GRASS CUTTING

Brinkley Churchyard is kept clean and tidy by a very few volunteers! The area of grass is divided up into smaller areas for mowing so no one person has too much to do. Unfortunately, we are short of volunteers and desperately need a couple more helpers.

If you would have a few hours to spare during the mowing season we would be very grateful of your help. Please give John Robertson (churchwarden) a call if you could help. 01638 507484.

Many thanks

**MARSH MAIL News from Linton Village College**

The start of the new academic year is an important time for building relationships. Our new Year 7 cohort have been busy bonding in their tutor groups and teachers and students across the school have been getting to know each other in their new classes and houses.

At Linton Village College we prize relationships. Strong connections between staff and students, and students and their peers, support wellbeing and academic success. While relationships are at the heart of learning, they are not always easy to create and sustain. Secondary schooling can prove a challenging time for friendship issues and teenage cliques; the pressure to fit in and be accepted by peers is not always easy to navigate, especially with the additional influence of social media. The shift in the PSHE curriculum to give a greater emphasis to healthy relationships, as well as e-safety, is an important one to equip young people with the opportunity to learn and reflect on the connections that they engage in.

The changes that we have made to pastoral care structures and systems at the College this term are in recognition of the need for clear, targeted support to enable all of our young people to achieve their potential. We have been joined by a new Inclusion Administrator to support the pastoral team including our Inclusion Manager, and have some new roles including Heads of House, Safeguarding Officer and Case Workers in recognition of the need for intervention and pastoral care that focuses on safeguarding our young people and providing vulnerable students with bespoke care and support. We are also in the process of recruiting important support staff positions including Teaching and Catering Assistants which are advertised on our website.

Being relational is one of our Trust's core values; it is central to staff recruitment, underpins our behavioural expectations and defines the teaching and learning culture at LVC. Our positive climate for learning is always commented on by external visitors to the College. We are looking forward to showcasing our amazing students at our Open Evening on Thursday 4<sup>th</sup> October and subsequent Open Mornings.

### CAMBRIDGESHIRE FIRE AND RESCUE SERVICE

Throughout the year and particularly as the winter months draw in, we begin using our fires, burners and chimneys once again to warm our homes.

Follow our 'top tips' below to ensure your home is kept safe and warm all year round.

#### Chimneys and Fires

- Have your chimney swept once a year or more frequently if you burn wood
- Avoid burning resinous woods that quickly build up soot
- Only burn fuels suitable for your burner (eg. never burn anything other than wood in a wood burner)
- Do not overload the grate/ appliance
- Do not bank fires too high and remember to let them burn out well before you go to bed
- Check the hearth, floor and furnishings near the fire for hot sparks/embers
- Do not place objects on or over the mantelpiece which cause you to stand too close to the fire in order to reach them
- Use a fire/spark guard to prevent accidental fires and make sure it has the kite mark or conforms to British/ European standards

Inspect your chimney breast, particularly the roof space. Make sure it is sound and sparks/fumes cannot escape through cracks or broken bricks.

#### Wood/Multi-Fuel Burners

- A qualified and competent engineer should install all wood/multi-fuel burners and boilers - regular maintenance should be undertaken to prolong the working life of the appliance. Specialist servicing and maintenance will usually be provided by the company you purchase the appliance from but you can also refer to [www.solidfuel.co.uk](http://www.solidfuel.co.uk) for advice and information

- Ensure correct ventilation is in place when the appliance is in use
- Wood burning appliances should only use the right quality wood recommended by the supplier
- Regularly inspect the chimney and flues
- Generally, wood should be well-seasoned (usually wood kept dry and stored for around 2 years)
- Avoid wet or newly felled wood as this will cause tars/ creosote deposits forming in the burning appliance and chimney
- Avoid using laminated chip boards which will leave binding glue deposits
- For each slow burning period there should follow a quick burn to dry out unwanted tar/creosote deposits and to warm up the chimney again
- At the end of each burning season and at least once during the season the entire system should be cooled and thoroughly cleaned to maintain top performance.

Most importantly

- Fit a smoke alarm that carries the kite mark or British Standard Number 5446 and test your alarm weekly by pressing the test button and know the life of your battery.

Always also install a CO (Carbon Monoxide) alarm in the room where the burner is installed. Chimney Fires continue to be a common occurrence in home fires in the winter months.

We experience an average of 81 chimney fires a year in Cambridgeshire alone.

Whatever fire you have, or fuel you burn, it is vitally important you have your chimney swept to avoid a build-up of ash and soot.

For more information log on to [www.cambsfire.gov.uk](http://www.cambsfire.gov.uk), follow us on social media or call 01480 444500.

On our website I found a lovely message celebrating my being with you for a year! How lovely it was to read, to receive flowers and touching words from the group of churches. Thank-you all. We love it here! The year has flown by, it has been wonderful getting to know so many of you, to share in the ups and downs, the sorrows, the joys and the everyday of our lives.

Encouragement is such a lovely thing, words are so meaningful. With them we can build each other up, give love, comfort and support or we can use them to hurt, to tear another down. To lighten a sermon about 'the tongue' recently I googled in 'the world's most ridiculous quotes' and Donald Trump appeared in the first 8. Need I say more!! I'm not giving space to his but here are a few of my own favourite 'being kind' quotes:

My grandfather's 'If you can't say something positive about someone don't say anything at all'.

A Native American plaque 'Never judge a man until you walk two moons in his moccasins'  
Social Media post 'In a world where you can choose to be anything, choose to be kind'  
As Jesus said 'Love your neighbour as yourself' (this also implies you should love yourself too, God does 😊)  
Blessings of Kindness,

Nikki
