MARCH 2019

BURROUGH GREEN READING ROOM

Burrough Green Reading Room are delighted and proud to announce that the refurbishment of our kitchen is complete.

We now have a fully equipped facility including double oven, hob, plate warmer and dishwasher - it looks very smart indeed. We have also been able to invest in new crockery and glassware to fill our lovely new cupboards! We are extremely grateful to the Wadlow Wind Farm Community Fund for the grant which enabled us to complete the much-needed work.

The committee view this as the first phase in the upgrade of the Reading Room - we are aware that the heating and seating needs attention; your support of events is essential to ensure we can raise funds to get this work done.

We would love to see as many people as possible at

**GRASS CUTTING BRINKLEY CHURCHYARD**

Please can you help?  
We pride ourselves on keeping Brinkley Church and the churchyard looking cared for. but we are struggling with the grass. We really need some more help with grass cutting. The more people that help - the smaller the area you have to cut! We have the mowers - we just need a few volunteers to push them! Please can you spare some time to help on a regular basis during the grass cutting season? Call John on 01638 507484.

Many thanks *Brinkley PCC*

DOG FOULING - BRINKLEY

The village has had no problems with dog fouling for a long time, thanks to our very responsible residents.

BUT NOW someone with a big dog is not cleaning up their dog's mess. On people's front grass, in front of their drive ways, and even on the children's football area on Beechcroft. Please, please clean up after your dog. A hefty fine will await if you are caught.

~~~~~  
**DEFIBRILLATOR TRAINING SESSION IN  
CARLTON**

The defibrillator located in the village phone box was only fitted in October last year and has already had to be actively deployed. This has reiterated the need for residents to be made aware of how to use it in an emergency situation.

The Community Heartbeat Trust have agreed to provide a 2-hour Awareness Seminar in  
**St Peter's Church starting at 7pm  
on Friday 29th March.**

This will cover all aspects of a cardiac arrest situation, and usage of the defibrillator.

Children/young people are also welcome to attend, but adults with them must be mindful of the length of the seminar and gauge accordingly the decision whether to bring them.

Can I urge all residents to attend this seminar if at all possible? Remember - your knowledge and assistance could save a life!

Both Brinkley (phone box) and Burrough Green (school porch) have defibrillators and residents would be welcome to go to the Carlton training session if they missed theirs locally.

If you are interested in finding out more, please e mail Kathie on k.f.butcher@btinternet.com or call 07923 526555. Please leave a message if I am not available and I will return your call.

## **CAMBRIDGE FIRE & RESCUE SERVICE BULLETIN**

As the weather drops further and the snow and ice kicks in, we begin using our fires, burners and chimneys more often to heat up our homes. But, have you had your chimney swept in the last year? Follow our 'top tips' below to ensure your home is kept safely warm and cosy all year round:

### **Chimneys and Open Fires**

- Have your chimney swept once a year or more frequently if you burn wood
- Avoid burning resinous woods that quickly build up soot
- Only burn fuels suitable for your burner (eg. never burn anything other than wood in a wood burner)
- Do not overload the grate/ appliance
- Do not bank fires too high and remember to let them burn out well before you go to bed
- Check the hearth, floor and furnishings near the fire for hot sparks/embers
- Do not place objects on or over the mantelpiece which cause you to stand too close to the fire in order to reach them
- Use a fire/spark guard to prevent accidental fires and make sure it has the kite mark or conforms to British/ European standards
- Inspect your chimney breast, particularly the roof space. Make sure it is sound and sparks/fumes cannot escape through cracks or broken bricks.

### **Wood/Multi-Fuel Burners**

- A qualified and competent engineer should install all wood/multi-fuel burners and boilers - regular maintenance should be undertaken to prolong the working life of the appliance. Specialist servicing and maintenance will usually be provided by the company you purchase the appliance from, but you can also refer to [www.solidfuel.co.uk](http://www.solidfuel.co.uk) for advice and information
- Ensure correct ventilation is in place when the appliance is in use
- Wood burning appliances should only use the right quality wood recommended by the supplier
- Regularly inspect the chimney and flues
- Generally, wood should be well-seasoned (usually wood kept dry and stored for around 2 years)
- Avoid wet or newly felled wood as this will cause tars/ creosote deposits forming in the burning appliance and chimney
- Using laminated chip boards will leave binding glue deposits
- For each slow burning period there should follow a quick burn to dry out unwanted tar/creosote deposits and to warm up the chimney again
- At the end of each burning season and at least once during the season the entire system should be cooled and thoroughly cleaned to maintain top performance.

Most importantly

- Fit a smoke alarm that carries the kite mark or British Standard Number 5446 and test your alarm weekly by pressing the test button and know the life of your battery.
- Always also install a CO alarm in the room where the burner is installed. Chimney Fires continue to be a common occurrence in home fires in the winter months.

We experience an average of 81 chimney fires a year in Cambridgeshire alone. Whatever fire you have, or fuel you burn, it is vitally important you have your chimney swept to avoid a build-up of ash and soot.

For more information or to get in touch contact us at [firefire@cambsfire.gov.uk](mailto:firefire@cambsfire.gov.uk) or on 0800 917 9994.

## THE VALUE OF OUR CHURCHES

Our lovely group of six historic churches, (Brinkley, Burrough Green, Carlton, Dullingham, Stetchworth and Westley Waterless) we hope are welcoming places for all, whether for a service, a quiet spiritual space or in historical interest. Over hundreds of years they have and continue to offer a space to seek and meet with God, to pray and to mark life's journeys.

As a member of the parish you can be baptised, confirmed, have your funeral (and still burial in all of them) if you desire. Many of you and generations before you will also have been married in them.

Like any historic building, maintenance and insurance to keep them safe and open runs into thousands of pounds each year. But the building is more than its walls; it is a faithful community of past, present and future people who care for God's mission of love to the community both within and outside of the building.

Our churches are also part of the wider church of God, of the Church of England; as part of this we are supported by priests (past, present and future), bishops, safe guarding teams, children and youth teams, etc. All that comes with running a big organisation costs, particularly with regard to personnel, training and pensions. Every church is asked to pay a contribution towards these ongoing costs in the form of 'The Parish Share'.

The payment of the Parish Share is essential to keep the churches open into the future, to pay for all the above including the priests who have supported our communities in the past and to ongoingly maintain the presence of one albeit part-time across the group, currently myself, Nikki.

**The group cost of our Parish Share this year is £39,317 !!** (Dullingham £9041, Stetchworth £8306, Brinkley £6542, Burrough Green £6542, Carlton £4443 and Westley Waterless £4443).

Yes! This cost is on top of the ongoing daily costs, heating, insurances and maintenance of our churches. We have a small but generous group of faithful people who give regularly (bless you and thank-you for this, it is seen and appreciated), kind legacies, and regular fundraising, but still unfortunately our group fell short of the full amount last year and looks like doing so again going forward. Unless, and yes, this where you come in!! we have wider community support to help to raise funds.

We are looking to hold a big event in 2020 to try to raise half the Parish Share which then makes meeting the rest and other costs more feasible. £20,000 is a huge amount to raise, so we are looking for event ideas and organisers, sponsorship, a venue. Of course, we are

**very happy** to receive donations big or small (if gift aided this increases the gift by 25%) and the consideration of leaving a legacy to your church in your will.

If you would like to help with any of these things, or would like to know more, we would be most grateful, please contact Revd Nikki, or one of our churchwardens.

Many, many thanks,  
Nikki

**MARSH MAIL News from Linton Village College**

There are a number of international and national days, some of which we observe and celebrate at Linton Village College.

20<sup>th</sup> March will mark French Language Day and International Day of Happiness. Fortuitously this day will be spent in France enjoying a week of immersive language speaking by a large group of our Year 10 GCSE students.

The Chateau trip has become an important experience for our students, allowing them to sample the culture and language of a foreign country to give a real life context for their academic studies. It also provides a rich programme of activities that promote team work and encourage students to venture out of their comfort zones.

Our International Schools Award recognises our commitment to international learning activities. It is important that young people have a window into different cultures and countries developing as responsible global citizens.

We are also proud of our achievements in the arts. We have been hugely successful in both ABRSM (Ass. Board of the Royal Schools of Music) exams and Arts Award at Bronze, Silver and Gold. These are an important recognition of the College's success in delivering a broad and balanced curriculum experience. This year's school production, *Annie* will showcase the great talents and hard work of a large number of our students and the skills and hard work of our arts team at LVC. It is brilliant to see so many young people taking pride in creative ventures and performances.

The development of arts leaders amongst College staff and students has helped to extend this experience to younger students at local schools. Pupils at our Trust primary schools have benefited from enriching arts opportunities including African clay mask-making at The Meadow Primary School, the delivering of singing tuition at Howard Community Primary School, resulting in a performance in the Young Voices concert at the O2, and a growing arts partnership provision at Linton Heights Junior School.

Our team of CALSAs (cultural arts leaders in schools and academies) and Arts Cluster is currently preparing for an arts festival to take place in the summer term involving a range of students from CHET schools and across the locality.
